Last updated December 9nd 2024

Venterra Group Plc, a company registered in the United Kingdom under company registration number 13344064 and Venterra Limited and its subsidiaries worldwide (“**Venterra Group**”, “**we**”, “**us**”, “**our**”, “**Ourselves**”), is a dedicated offshore wind energy services group. Our member companies engineer, build, and support the operations of offshore wind energy developments around the world.

Venterra Group is committed to conducting its business responsibly and with integrity. Therefore, we require our partners and anyone that they in turn work with to deliver goods and services to act in accordance with the same principles as ourselves. This Partner Code of Conduct (“**Code**”) describes the guiding principles that all Venterra Group partners must follow.

Adherence to these guidelines is crucial for maintaining a strong and ethical partnership with Venterra Group. For any questions or additional information, please contact your Venterra Group representative or visit our website.

2. Scope and Application

This Code applies to all individuals and organizations working with Venterra Group, including suppliers, distributors, agents, advisors, and their subcontractors and suppliers (“**partner(s)**”, “**you**”). By engaging with us, you agree to comply with this Code and any updates, which will be available on our website at <https://www.venterra-group.com/partner-code-conduct/>.

The terms set out in this Code are in addition to the terms included in any contract between you and us (with such contractual terms taking precedence over any conflicting terms in this Code). If you believe that you cannot comply with any of our expectations set forth in this Code, then you must notify your Venterra Group representative immediately with compliance@venterra-group.com in copy.

Venterra Group will take any breach by a partner of this Code seriously and may consequently seek to terminate our relationship with the relevant partner (whilst reserving any right to take further action).

3. Legal and Ethical Compliance

- **Legal Compliance:** Partners must conduct their business with integrity, honesty, and fairness in compliance with all applicable international and national laws, statutes, and regulations. You are responsible for remaining informed about relevant legal and regulatory developments and ensuring continued compliance with changes in any applicable laws and regulations. To the extent this Code imposes more stringent requirements than the laws or regulations applicable in the jurisdiction of any of our partners, each partner must comply with this Code.
- **Anti-Corruption and Bribery:** We have a zero-tolerance policy for all forms of bribery, kick-backs, corruption, extortion, and fraud, and we expect the same from our partners. Partners must:
 - ✓ Comply with all relevant anti-bribery, anti-corruption, and anti-fraud laws. This includes but is not limited to the Bribery Act 2010 and the Criminal Financing Act.
 - ✓ Effectively manage their anti-bribery and corruption risk.
 - ✓ Refrain from offering, promising, authorizing, or providing money or anything of value to anyone, including local or foreign public officials, with the intent to influence improper actions or gain an unfair advantage. This prohibition applies whether the action is direct or indirect.
 - ✓ Avoid requesting or accepting money or anything of value from any individual, including local or foreign public officials, if the purpose is to induce improper conduct or secure an undue benefit. This includes both direct and indirect requests or receipts.
 - ✓ Not give or receive money or anything of value to or from any individual, including local or foreign public officials, as a reward for improper performance of duties or for granting an improper advantage. This applies to both direct and indirect exchanges.
 - ✓ Avoid making or offering payments or anything of value to local or foreign government officials to expedite lawful administrative processes, regardless of whether such payments are permitted under local laws or regulations.
- **Anti-Money Laundering:** Partners must maintain a zero-tolerance policy with respect to money laundering and terrorist financing, as well as financial crimes in general. All our partners must have controls in place appropriate to the nature of the risks they face of tax evasion, money laundering, and terrorism financing, including “know your customer” rules.
- **Sanctions and Embargoes:** We are committed to complying with all applicable sanctions and embargoes imposed by relevant national and international authorities. As a partner, you are expected to:
 - ✓ **Comply with Sanctions:** Ensure that you and your regional offices or affiliates adhere to all applicable trade law, sanctions, trade restrictions, and embargoes, including those imposed by the United Kingdom, United Nations, European Union, United States, and other relevant jurisdictions.
